

Supervisions PhD & postdoc projects M Graff

1. **Els Derksen** (PhD student). Communication on diagnosis of dementia or mild cognitive impairment.
2. **Sebastian Voight** (PhD student). Cross-national transfer of community occupational therapy in dementia.
3. **Anouk Spijker** (PhD student, Junior researcher) on: Systematic care for carers of persons with dementia within mental health care organisations.
4. **Carola Döpp**. Making the jump - The translation of research evidence into clinical occupational therapy practice.
5. **Ingrid Sturkenboom** (PhD student). Effectiveness and efficiency of community occupational therapy for patients with Parkinson's Disease and their caregivers.
6. **Lucelle van de Ven-Stevens** (PhD student, OT). Clinmetrics in hand therapy. Hand assessment recommendations for therapy: the HandART project.
7. **Lieve Roets** (PhD Student). Development and evaluation of a self-management intervention in deaf blind persons.
8. **Hanneke Donkers** (PhD student). Development, evaluation and implementation of a multidisciplinary social fitness program (OT, PT and Welfare) to improve the social participation of older people with dementia and their caregivers.
9. **Willemijn Looman** (PhD student). Evaluation of CZ chain of care in dementia.
10. **Yvonne Kerkhofs** (PhD student). Design and feasibility of implementing a person-centered program to improve the self-management of people with dementia in using apps for the ipad.
11. **Charlotte van Corven** (PhD student). Span+ empowerment-intervention development project for community dwelling older people with dementia (Grant ZONMw Memorabel 2018-2021).
12. **Vita Hagelskjaer (PhD student). Evaluating** the ABLE programme, the occupational therapy program for improving the ADL of people with chronic conditions.
13. **Marieke Lindenschot** (PhD student). Insight in Meaningful activities and research to the Validation of a performance measure, the PRPP (Perceive-Recall-Plan-Perform System of Task Analysis) to evaluate the performance in meaningful activities in children with mitochondrial disease. Project 2017-2022. Raak grant and NWO promotion grant.
14. **Leen DeConinck** (PhD student). Development, evaluation and implementation of occupational therapy for community dwelling frail older people with mainly physical problems in Belgium. Promotor: prof. Bert Aertgeest, University of Leuven.
15. **David Neal**. (PhD student) FindMyApps;(Cost-)Effectiveness and User satisfaction of a person-centred intervention to help people with mild dementia find and use suitable apps that support their self-management and social participation. In collaboration with VU University Amsterdam and University of London (UCL).
16. **Dinja van der Veen** (PhD student). Ontwikkeling, evaluatie en implementatie van interdisciplinaire thuisrevalidatie na een beroerte (CVA).PhD project: projectleader dr. Esther Steultjens.
17. **Marjolein Thijssen** (PhD student) on Dementia Friendly Societies Project.
18. **Dr. Emmelyne Vasse**, (PhD, Post-Doc). Evaluation of CZ chain of care in dementia. CZ health insurance collaboration project (Grant CZ Fund 2012-2017).
19. **Dr. Jennifer Wenborn**, (PhD, Post-Doc). VALiD project on the development, evaluation and implementation of community occupational therapy in older people in dementia and their caregivers (COTiD-UK program), collaboration with the University Center of London (UCL) (Grant NHR, UK 2012-2018).
20. **Dr. Carola Döpp** (PhD, Post-Doc). Regional Implementation of Community Occupational Therapy in Dementia in the Region of North and Mid Limburg. Review on Context Based Implementation Research and writing of ZONMw Grant Proposal.

21. **Dr. Maud Heinen** (PhD, Post-Doc) on: Development of Quality Standard on Overburdened Caregivers Ontwikkeling kwaliteitsstandaard overbelaste mantelzorg.
22. **Dr. Jose Peeters** (PhD, Post-Doc) & coordinator on: Mentality Dementia Friendly Societies Project (ZONMw, Memorabel project 2017-2021).
23. **Dr. Emmelyne Vasse** (PhD, Post-Doc) on TrEat project: Development and Evaluation of Multidisciplinary (Dietarian, Occupational Therapy and Nursing) Intervention on prevention of undernutrition in people with cognitive problems and dementia (Grant ZonMw Memorabel fund, 2018-2022).
24. **Dr. Carola Dopp** (post-Doc). TrEat project: Development and Evaluation of Multidisciplinary (Dietarian, Occupational Therapy and Nursing) Intervention on prevention of undernutrition in people with cognitive problems and dementia (Grant ZonMw Memorabel fund, 2018-2022).
25. **Renske Janssen** (PhD student). De ontwikkeling, het testen en evalueren van een interdisciplinair revalidatieprogramma voor mensen met Neuralgische Amyotrofie.
26. **Phebe Das** (PhD student). Evaluatie van de haalbaarheid en mogelijke effectiviteit van het SOCAV-programma, ter bevordering van meer eigen regie van thuiswonende ouderen met dementie door betere persoonsgerichte communicatie en begeleiding door verzorgenden en mantelzorgers. I.s.m. Avoord Zorgorganisatie Etten-Leur, Tilburg University & Stichting Zet.
27. **Kim Bakker** (MSc) (PhD student? Not yet). Multiculturele toepassing van EDOMAH in Nederland. Ontwikkeling en feasibility van drie aangepaste EDOMAH interventies voor mensen met een Turkse, Marokkaanse en Chinese achtergrond.
28. **Janneke Fleuren** (PhD student? Not yet). Evaluation of COVID-recovery care by Allied health professions including Occupational Therapy.
29. **Sanne Pellegrom**. (PhD student, 2019-2025). .Supporting daily functioning of persons with a neurological disorder: (cost)effectiveness of Occupational Therapy at Home E-Rehabilitation (OTHER) for persons post-stroke.
30. **Dr. Ingrid Sturkenboom** (PhD, post-doc, 2019-2023). Ontwikkeling van de Richtlijn-App voor Paramedische zorg bij Parkinson (RAPP); een altijd actuele en beter bruikbare moderne richtlijn voor paramedici in de dagelijkse praktijk (Development and feasibility of App for Interdisciplinary Allied Healthcare Guideline in Daily Practice for People with Parkinson's Disease).
31. **Christian Pozzi & Alessandro Lanzoni**. (PhD student, researchers). COTiD-IT project. Feasibility and pilot implementation study of Community Occupational Therapy in Dementia in Italy. Grant Italian Family Caregivers Association Emilia Romana and Regional Government Modena
32. **Elly Brandenhorst**. (PhD student). Feasibility and evaluation of (cost-) effectiveness Reablement project. Langer Actief Thuis Project (LAT). MIJZO care.
33. **Leonie Snijders**, (PhD student). Evaluation of Better use of assistive devices and aids in chronic care.
34. **Thijmen Geurts**. (PhD student). Paraplu project. Better collaboration General Practitioner, Home Care Nurses and Allied Healthcrae Professionals in Frail Elderly.
35. **Femke Muller**. (no PhD student yet). SPAN+ Empowerment project implementation and evaluation in primary care.
36. **Gerbrich Douma** (PhD student). Better Allied Healthcare in Brain Injury.
37. **Sharon Wennink** (researcher, no PhD project yet). Implementation of the evidence-based Energetic intervention in people with muscle disease and fatigue in primary care.
38. **Dr. Edith Cup** (Post-doc). Ergotherapie Evaluatie binnen Paramedische Herstelzorg bij COVID-19.
39. **Dr. Yvonne Veenhuizen & Dr. Edith Cup** (post docs). Landelijke verspreiding en implementatie van het Energiek programma voor mensen met een spierziekte en ernstige vermoeidheid.

40. **Dr. Edith Cup** (Post doc). Implementatie van het programma Energiek voor mensen met chronisch neurologische aandoeningen en vermoeidheid in de eerste lijn gezondheidszorg.

Consortia projects:

41. Veerkracht/resilience project & consortium: consensus paper.
42. PAR-EL project & consortium. Allied healthcare consortium on improving the functioning & social participation of people with chronic diseases by an interdisciplinary self-management program with e-health and technology support.
43. Interdorm Methodology workforce on psychosocial interventions in dementia. Consensus paper & workshop Alz EU congres & IPA congres 2023.
44. Substitution & prevention project. Development of Road map for substitution of 3 evidence based interventions. 2023-2026.
45. EDOMAH/COTiD-NL & COTiD-EU projects, education and steering group.
46. Paracov consortium van landelijke groep van paramedische onderzoekers en beroepsverenigingen voor de evaluatie van Paramedische Herstelzorg bij COVID-19.
